

NRA FIREARM TRAINING COURSE REPORT INSTRUCTIONS

This form is to be filled out only by NRA Certified Instructors to document the completion of NRA Training courses.

Additional pages are supplied in this file. They are to be used only when there are more than ten students or six additional instructors to be reported. Please note that the line numbering on subsequent pages is arranged to allow the bottom line of the previous page to contain "CONTINUED ON NEXT PAGE" instead of student data. If the bottom line is instead used to hold student data, the line numbering on subsequent pages will not provide an accurate student count.

If you sign a student up as a new NRA member during the course, enter "NEW" in the "NRA Member" column instead of "YES" or "NO."
